

ERICK SANTIAGO MAHECHA TAFUR

Growth Marketing & AI Automation Specialist

Medellín, Colombia · santiagoomahecha2328@gmail.com · +57 313 468 7899 · [LinkedIn](#) · [Portfolio](#)

PROFESSIONAL PROFILE

Growth marketer with an operational background in customer experience and automation, specialized in building complete marketing systems from the ground up: paid media, CRM, AI-powered content production, and web development. As the sole marketing hire at Quick Metal Shop, I designed and ran a fully AI-driven video pipeline that generated 338K+ organic views across 3 flagship reels with zero ad spend, and managed paid campaigns achieving a 3.92x ROAS and a \$3.45 cost per lead in technical B2B audiences. I combine strategic execution with real technical capability — web development (Next.js), automation (Zapier, CRM), and AI-driven video production — to operate at full-department output as a single contributor.

PROFESSIONAL EXPERIENCE

Quick Metal Shop

Growth Marketing Specialist

January 2026 – July 2026

Puerto Rico, USA (Remote)

- **Designed and ran a fully AI-driven video production pipeline** (Higgsfield/Kling 3.0, Claude 4.6 Sonnet, ElevenLabs, CapCut Pro), generating **338K+ combined organic views across 3 flagship reels, 2.3M views on Facebook**, and **390.6K views on Instagram** (Jan–Jul 2026), with zero ad spend.
- Managed Meta Ads campaigns independently, generating **260 qualified leads at \$3.45 USD each** (\$897 spent) for a technical B2B audience (welders, architects, fabricators), and a **3.92x ROAS** (35 direct purchases, \$23.04 cost per purchase) on a B2C e-commerce campaign.
- Designed, developed, and deployed a production-ready interactive web application (Next.js + Netlify) in **under 48 hours**, featuring a catalog of **285 product variants** for ArquiExpo 2026, resolving critical iOS Safari rendering bugs and achieving full cross-device compatibility.
- Built a Zapier-to-Odoo CRM automation that routes Meta Instant Form leads directly into the CRM in real time, eliminating manual data entry entirely.
- Implemented Soro AI connected to Google Search Console across two CMS platforms (Odoo B2B, Shopify B2C), establishing an automated SEO content pipeline with zero ongoing manual effort.
- Created the company's Brand Manual in the first week, defining the visual standard later used at the ArquiExpo 2026 trade show stand, recognized as one of the strongest presences at the event.
- Launched and managed the company's LinkedIn presence, deploying Holo AI to automate brand-aligned thought leadership content at scale.

Dakoma Roofing

Growth Marketing Consultant (Freelance)

May 2026

Florida, USA

- Delivered a full rebranding — Brand Manual covering color system, typography, and logo guidelines — operationalized across website, social media, and advertising assets.
- Integrated Soro AI to establish an autonomous SEO blog pipeline with zero ongoing manual effort.
- Replicated the AI avatar production pipeline (Higgsfield Nano Banana Pro + Kling 3.0) used at Quick Metal Shop, proving the system scales to a completely different brand and industry with no added friction.

Cuatrimotos ATV Riders

CRM & Automation Consultant (Freelance)

February 2026

Bogotá, Colombia

- Designed and deployed a WhatsApp lead qualification system with intent-based routing (catalog / FAQ / high-intent purchase) for a business receiving **200+ inbound leads per day** with no CRM in place.
- Configured a full sales pipeline in Kommo CRM with automated re-engagement and pipeline closure logic, leaving the commercial team operating the system **fully independently** post-handoff.

January 2025 – December 2025

Bogotá, Colombia

Artesa Panadería

Marketing & Customer Experience Analyst

- Designed and deployed an AI-powered WhatsApp chatbot (Bitrix24 + GPT-4o mini, temperature 0.10) that automated **85% of B2B and B2C conversations**, available 24/7, compressing response times from hours to seconds.
- Built a structured knowledge base (B2B Sales Manual, B2C Manual, brand guidelines) via OpenAI's Assistant Playground to prevent hallucinations and maintain accuracy in lead qualification.
- Produced digital content using Affinity, Canva, and generative AI; led product photography and visual optimization for delivery platforms.

Aseneg

Commercial and Marketing Intern

July 2024 – January 2025

Bogotá, Colombia

- Generated qualified commercial opportunities through outbound marketing strategies, combining market research and direct prospecting.
- Managed content calendars, social media channels, and website maintenance to strengthen brand positioning.

Concentrix

Customer Service Representative

July 2022 – October 2024

Bogotá, Colombia

- Managed critical security, fraud, and account transfer cases for Mercado Pago users in a high-volume support environment; escalated technical bugs for product resolution.
- Recognized as **Top Performer 2023** for excellence in service quality, resolution accuracy, and customer satisfaction.

TECHNICAL STACK

- **Paid Media:** Meta Ads (B2B & B2C) · Meta Pixel · Meta Business Suite
- **CRM & Automation:** Kommo · Bitrix24 · Odoo · Zapier · WhatsApp Business API · Automation Workflow Design · API Integrations
